WORDS FROM THE EDITORS

Dear Readers,

Very happy to see you again!

We would once again like to share the wealth of sympathy, kindness, and generosity hidden in the soul of a child. As you know, every teacher and student at the Habibi Center wants to enjoy education's happiness, love, and joy, just like these flowers make us feel.

Through this sentence: "The heart of education is the education of the heart." we try to show how education is the key to self-development and that everybody has the right to knowledge.

We are pleased to present the second edition of THE JOURNEY TO HABIBI CENTER magazine to you. We would like for you to enjoy our magazine again and be inspired by our activities and achievements.

So, please get comfortable and happy reading!

A HABIBI STORY

One day a student from Habibi Center came to class with a really high energy, and for sure he wanted to share it with the others as well. There was a girl in class that knew some hip-hop moves, and she was trying to show him some. After that the teacher walked in the class and saw them, and she also join them because she found it interesting, and slowly slowly the other students joined them as well. And finally they started their lesson with happiness, joy and energy.

- A Habibi Story by Nada.

NEWS & EVENTS

Hello everyone! We have a great news for you. Habibi Center is running for us refugees this year and that is very exciting. And we are going to be very happy to have you in our team and together we will raise Habibi Center flag up. The point here is to encourage and empower youth by helping them financially that will help them to have a good access to education that the Center is providing them with. This is very important for their integrations in their new society. So thank you in advance for your support, no matter how it could be, we will really appreciate any kind of supports coming from anybody.

Speaking about first aid, as you can see it is our first aid. It is the activity that we could provide them for a moment and we think it was not a bad idea. As far as I'm concerned, I think everyone should have this skill at least it is a basic thing everyone should know. Our lesson with them is very funny and they learn a lot. As I said last time I could be a hero somewhere who knows. And as a student we would like to have your support in this section too. Who knows one of us could be really interested and take it seriously as his future job for his whole life. It is a great opportunity for us. As you can see we have teachers, that help us voluntarily they dedicated their self days and nights to provide us the knowledge.

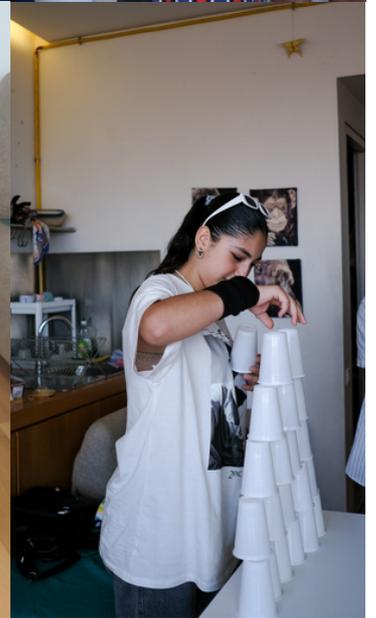

HABIBI ANNIVERSARY

IT'S TIME TO CELEBRATE

The last Habibi Center Anniversary was exciting, different, and electric. Everybody present made the event a success. Both students and teachers had fun together. Our mentors organized fun activities for us, such as exciting games, crunchy chips, and fruity drinks. The fruit salad by Sophie was amazing. After the games, the crowd applauded the winner and received a special prize: the admiration of everybody. We even enjoyed a little firefly story from student Karim, which was very captivating.

All the students and teachers enjoyed the same atmosphere, where we could meet new students and make new friends. During this, we also played different kinds of traditional music from different continents, such as Africa, Asia, and Europe. Students were dancing to their cultural music and shared it with the group.

In conclusion, the Anniversary was fantastic and everybody left with a very big smile.

TESTIMONIALS

Student Steeve

Hi!, I'm Steeve, I Hope y'all doing well.

In this short note, I'm going to send my gratitude to the (CEO) Mrs. Stephanie and to all my teachers especially Mrs. Camille . Also, I'm going to share my little journey with HABIBI CENTER

I came long way, hard moments that I'm not going to say more on that. Then, got an opportunity; I said why not. I've been brought to HABIBI CENTER and there ,I experienced stuff unexpected which I didn't thought of it before

I'm from the English part in Cameroon and the other part speaks French. Never been to school but with HABIBI CENTER I learned lots of stuff. Firstly, they helped in improving my skill in language I was speaking which was English. Later, I got my IT teacher very kind man who trained me on information technology in which I got a certificate. Guess what guys, I participated on the school magazine of HABIBI CENTER and my task was `words from the editors'. You guys have to read the book. I can't say more because if I start writing on the moments I got with HABIBI CENTER honestly its going to take a book.

Thanks for the opportunity and help you guys are doing for we all . Grateful for all the support I had there. By the way guys, I got a B grade on the CAMBRIDGE CERTIFICATION.

LOVE YOU ALL,ME.

Teacher Sophie

I'm so glad I had the opportunity to spend 3 months at the Habibi Center. It is a truly wonderful environment for both teachers and students.

My students are incredible people. They came to class everyday with an open mind and an eagerness to learn.

Each of my students demonstrated compassion, warmth, curiosity and intelligence throughout my time at Habibi. I will cherish the memories of the time I spent with them.

Stephanie, Camille, Julian and Sarah are excellent leaders and colleagues. I'm so grateful to each of their support and guidance.

Working at the Habibi Center gave me an invaluable opportunity to learn about new cultures, learn about teaching and learn about myself. I'd go back in a heartbeat.

The Problem of Cell 13(Jacques Futrelle)

Would you like to enjoy your time while learning English?

so try to watch this awesome TV series:

LEGENDS

"It takes 20 years to build a reputation and 5 minutes to ruin it. If you think about that, you'll do things differently."

Warren Buffett

Warren Buffett, in full Warren Edward Buffett, (born August 30, 1930, Omaha, Nebraska, U.S.), American businessman and philanthropist, widely considered the most successful investor of the 20th and early 21st centuries, having defied prevailing investment trends to amass a personal fortune of more than \$100 billion.

"Knowledge of the past and of the places of the earth is the ornament and food of the mind of man."

Leonardo Da Vinci

Leonardo da Vinci was a Renaissance painter, sculptor, architect, inventor, military engineer and draftsman – the epitome of a true Renaissance man. Gifted with a curious mind and a brilliant intellect, da Vinci studied the laws of science and nature, which greatly informed his work.

ACHIEVEMENTS

As of June 2023, he possessed a net worth of \$117 billion making him the fifth-richest person in the world.

As of June 2023, he possessed a net worth of \$117 billion making him the fifth-richest person in the world.

ENTERTAINMENT

DID YOU KNOW...!

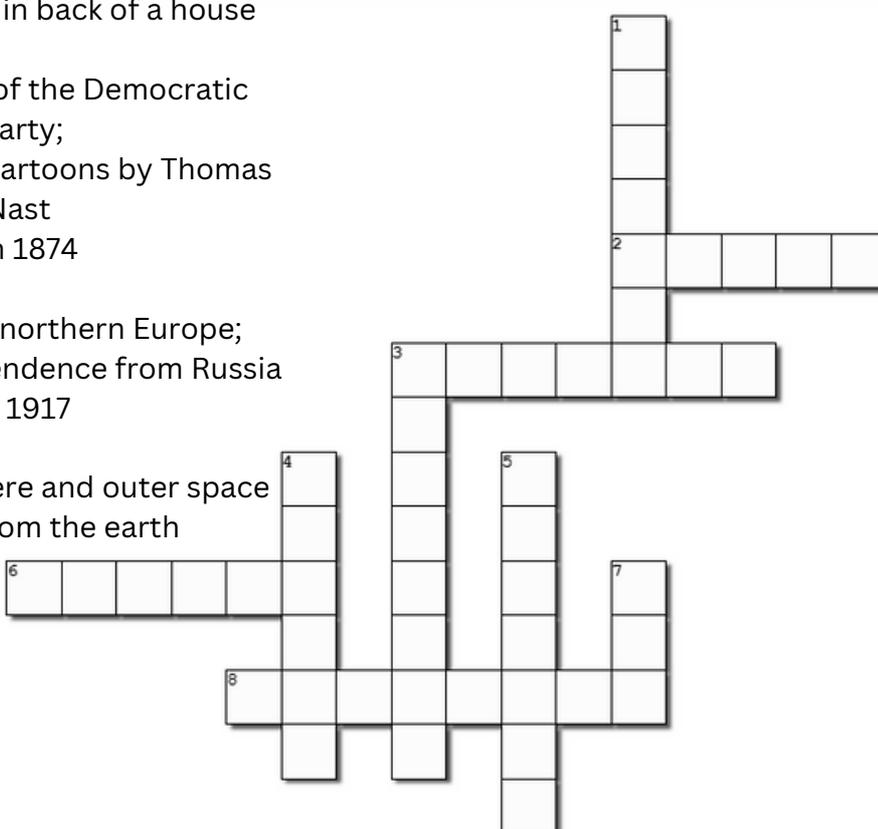

1. Did you know: On average, people fear spiders more than they do death.
